Q: Activity # 01:

Name them:

Seed

Stem

Roots

Leaf

Plant

Flower

Q: Activity # 02:

Match the function with their parts.

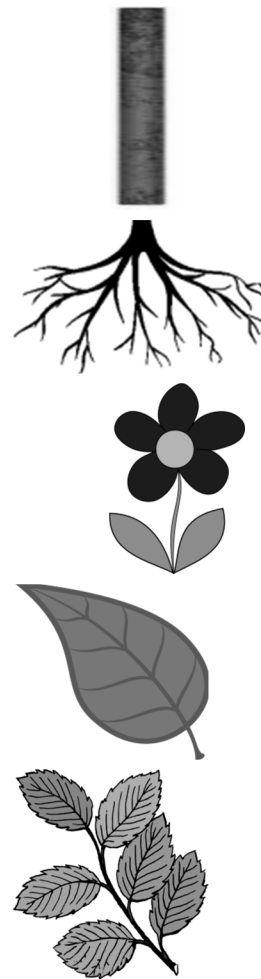

I provide support to the plant

I absorb water and minerals from the soil

I help in growing fruit in a plant

I make copies of the same plant

I make water evaporates out of me

Q: Activity # 03:

Label these parts of a flower. Colour and write single about each:

Anther

Produce pollens

Sepal

Protect the flower

Ovary

Produce fruit

Petal

Colourful soft part
